## **Fea Contractor Weekly HSE Discussion Minutes Recorder**

Step 1 – Consider the  Consequences  What are the consequences of this incident occurring? Consider what <u>could reasonably</u> have happened as well as what actually happened. Look at the descriptions and choose the most suitable Consequence.  CONSEQUENCES		Step 2 – Consider the Likelihood  What is the likelihood of the consequence identified in step 1 happening? Consider this without new or interim controls in place. Look at the descriptions and choose the most suitable Likelihood.  LIKELIHOOD		1.7	1.Take step 1 rating and select the correct column 2.Take Step 2 rating and select the correct line 3. Circle the risk score where the two ratings cross on the matrix below.  Severity Score: A - Immediate Attention B - Address ASAP C - Does not need immediate attention				How	How to use this form:  Identify a task Identify any applicable procedure/s for the task Identify any training/licensing/qualifor the task List down the basic Job Steps in lo

## **Risk Control**

Risk control is a method of managing the risk with the primary emphasis on controlling the hazards at source. For a risk that is assessed as "A", steps should be taken immediately to minimize risk of injury. The method of ensuring that risks are controlled effectively is by using the "hierarchy of controls". The Hierarchy of Controls are:

Order No.	Control	Example
Firstly	Eliminate	Removing the hazard, eg taking a hazardous piece of equipment out of service.
Secondly	Substitute	Replacing a hazardous substance or process with a less hazardous one, eg substituting a hazardous substance with a non-hazardous substance.
Thirdly	Isolation	Isolating the hazard from the person at risk, eg using a guard or barrier.
Fourthly	Engineering	Redesign a process or piece of equipment to make it less hazardous.
Fifthly	Administrative	Adopting safe work practices or providing appropriate training, instruction or information.
Sixthly	Personal Protective Equipment	The use of personal protective equipment could include using gloves, glasses, earmuffs, aprons, safety footwear, dust masks.
