GENERAL TERMS AND CONDITIONS

FOR

**PROVISION OF PROFESSIONAL SERVICES FOR UV DISINFECTION AND EAST SIDE VILLAGE
ADDITIONAL WORKS ADDENDUM PROJECT**

I. INTRODUCTION

- A. These Project Addendums will increase the efficiency of operations and longevity of new equipment installed under the UV Disinfection Project and the East Side Village Package 3 Project. The Project will be “design-build” and include the installation of shelters, small booster pumps and scum drains.

II. PROJECT BACKGROUND INFORMATION

- A. ASPA has completed the construction of two UV disinfection reactors, each of which has been in operation for approximately one year. During this period ASPA has identified three improvements needed to help maintain the performance and longevity of the UV reactors; additional scum drains at the Tafuna plant, shelter over each reactor and a booster pump for each UV reactors water supply.

The Malaloa Lift Station was recently upgraded as part of the East Side Villages Projects. The recent Project did not completely address structural issues with the lift station columns and roof which currently need extensive structural improvements. Additionally, the recent work provided a new mobile generator, but did not include any protection from the environment.

- B. The intent of this RFP is to have an agreement based on the successful completion of the SOW (Attachment B).

III. AUTHORITY

- A. ASPA was formally established through legislative action by the American Samoa Government (ASG) in 1981.
- B. ASPA generates and distributes electrical power and provides water, wastewater, and solid waste services for the islands of American Samoa:
1. As a separate and semi-autonomous authority, ASPA was established to afford better accountability for the utilities’ operations and cost of service.
 2. ASPA is governed by a five-member Board of Directors which are appointed by the Governor of American Samoa and confirmed by the legislature.
 3. ASPA’s utility rates are developed and promulgated in accordance with ASG Administrative Procedures Act (ASCA § 4.1001 et. seq.) and specific guidelines within the Public Utility Regulatory Policies Act (“PURPA”) for electricity.

IV. DATE/TIME/PLACE OF PROPOSAL SUBMITTAL AND PROPOSAL OPENING

- A. Each Offeror must submit its proposal in a sealed envelope addressed to:
- Ioana S. Uli
 - ASPA Procurement Manager
 - P.O. Box PPB

- B. An original, five (5) copies, and one (1) PDF of the proposal must be received in the Office of Procurement on or before **August 24, 2017 at 2:00 p.m. American Samoa time**.
- C. Late submittals will not be opened or considered and will be determined as non-responsive.
- D. All Offerors shall provide sufficient written and verifiable information that responds to the requirements of the RFP and in accordance with the SOW.

V. PRE-PROPOSAL QUESTIONS

- A. Any pre-proposal questions and/or clarifications shall be submitted in writing to Ioana S. Uli by email at bids@aspower.com or in hard copy to the address listed above in **Section IV** of this document.
- B. Pre-proposal questions must be received no later than **August 11, 2017 @ 2pm American Samoa Time**. ASPA will then issue addenda to address any questions and/or clarifications as may be necessary.

- B. Offerors shall prepare their proposals in detail accordingly.

VIII. CONTRACT AND PAYMENT TERM

- A. The term for this contract is 305 working days.

Proposals will be evaluated by a Source Evaluation Board ("SEB"). SEB members shall be approved by the Procurement Manager. Submission of a proposal shall constitute a waiver of any challenge or dispute of the SEB members, as well as the choice of methodology set forth on the SEB score sheets. The award will be made by ASPA in accordance with the evaluation criteria set forth herein and with ASPA's Procurement Rules.

A determination shall be made by the SEB of those responsible Offerors whose proposals are susceptible of being selected for award. The determination shall be included in the contract file. Discussions may be conducted by the SEB with those responsible Offerors whose proposals are determined to be responsive and responsible to the RFP. These discussions shall only be conducted for the purpose of obtaining clarification from the Offeror on its proposal to ensure full understanding of and responsiveness to the RFP requirements. Discussions shall be conducted individually with each offeror and care shall be exercised to ensure that no information derived from competing offeror's proposals is disclosed. All Offerors with whom discussions are conducted shall be accorded an opportunity to revise their proposals in response to specific clarifications based on the discussions. Unless the Materials/Procurement Manager determines that satisfactory evidence exists that a "mistake" has been made, as set forth in Procurement Rules §3-114, Offerors will not be permitted to revise their proposals after proposal opening.

The results of the evaluation will be documented, and written recommendation by the SEB will be sent to the Materials/Procurement Manager. Recommendation for award is sent to the Executive Director for approval.

ASPA reserves the right to make the award to the offeror that submits the proposal, which meets the requirements set forth herein and is in the best interests of ASPA after taking into consideration the aforementioned factors. ASPA also reserves the right to select portions of a proposal, or to reject any and all proposals.
