Email: bids@aspower.com & Website: www.aspower.com

ISSUANCE DATE: **November 13, 2018**

RFP NO.: **RFP ASPA18.064.PG – Independent Power Producers (IPP) for Wind Power Generation**

SUBJECT: **Addendum No. 8**

The American Samoa Power Authority hereby issues Addendum No. 8 to amend Request for Proposals (RFP) requirements. This addendum is issued pursuant to the conditions of the RFP documents and is hereby made part of the RFP. The addendum serves to clarify, revise, and supersede information contained in the RFP. The Offeror must acknowledge receipt of this addendum in the appropriate space provided in the Addendum Form. Failure to do so may subject the Offeror to disqualification.

1. This Addendum shall include the following:

- **Question-Q1. What is the size of the land for the substation?**
- **Answer-A1. ASPA doesn't have the details yet, but two parcels of land in the same area have been identified as very good sites for the 34.5KV substation.**
- **Questions-Q2. Can the developer propose for ASPA to be responsible for the substation?**
- **Answer-A2. Yes, this being an RFP, the developer is free to include the substation in its price offer, or it can propose that the substation be the responsibility of ASPA.**

Due to inadequate data or costs about the substation at this time - the developer may instead propose a rate in: "cents per kWh per \$1M cost for the substation".

Example:

Developer Proposed rate for substation - 0.2 cents/ kWh per \$1M (for 25 years).
If it costs \$2.7M to design and build the substation, then the PPA rate adder for the substation will be $0.2 \times 2.7 = 0.44$ cent per kWh.

This 0.44 cents per kWh for the substation will be added to the PPA rate.

Should you have any questions or need clarification, please call me at 248-1247.

Sincerely,

Ioana S. Uli
Procurement Manager

Please sign and date below to acknowledge receiving Addendum 8. You may return this document via email to the ASPA Procurement Office at bids@aspower.com or procurement@aspower.com.
