

Rarotonga Cook Islands

GENERATION MANAGER

Te Aponga Uira (TAU) wishes to appoint a Generation Manager.

Te Aponga Uira (TAU) is a government-owned utility responsible for generating, distributing and retailing electricity on the main island of Rarotonga in the Cook Islands. As such TAU is dedicated to delivering reliable and sustainable electrical energy to the community of Rarotonga. We seek innovative and economic solutions for the evolving energy needs of our people and support the national commitment to a renewable energy future.

Refer www.teaponga.com

The role is responsible for the development and management of the operation and maintenance of TAU's generation assets. In particular, the Generation Manager will lead the development and delivery of major works associated with alternative energy initiatives undertaken to support Cook Islands national renewable energy goals. The Generation Manager will ensure compliance with strategic and regulatory requirements and will collaborate fully with TAU's other divisional teams through consultation, cross divisional engineering support, and mentoring. The role requires the management of generation projects from design to implementation, including project planning, budgeting and resource allocation.

The position reports to the Chief Executive Officer, and to the Board of Directors as required.

This is a hands-on position; the successful applicant will have excellent time management and problem solving skills and be prepared for hands-on monitoring of performance along with the ability to communicate at all levels with the different Divisions throughout TAU.

The successful applicant will need a NZ qualification (or similar) and extensive experience in electrical or energy engineering with a minimum of 8 years post qualification experience in a similar role, and an awareness of industry trends regarding alternative energy generation.

Rarotonga offers an attractive lifestyle, combining challenges at a professional level with a relaxed environment.

An attractive remuneration package is envisaged.

A full job description and information package is available on request. Applications should include a covering letter, comprehensive CV and be submitted in writing to Eileen Turepu on email eturepu@gmail.com.
