General Information

Objective/Project Background Information

This design project will focus on the design of a proper and efficient wastewater (WW) collection system to address water quality issues in upper Pavaiai, Mapusagafou, Tafeta and Aoloau. This particular area surrounding Mapusagafou and Pavaiai has one of the largest watersheds in Tutuila. Relatively high amounts of rainwater recharge occur here.

The project is organized into two (2) phases. The first phase is to produce a WW collection system conceptual drawings, while the second is to produce a construction design, plans and specifications for said wastewater collection system. Ideally, the successful firm should be able to accomplish and provide a design to connect as many homes in the project area as possible to the existing wastewater collection system located in the village of Pavaiai.

The intent of this RFP is to have an agreement based on the successful completion of the Scope of Work (SOW) included as Appendix A. The project will commence once a contract has been signed. The consultant shall propose a timeframe within which they are able to complete this design. The successful consultant will coordinate work with ASPA's Waste Water Engineers and WWTP staff.

Authority

ASPA was formally established through legislative action by the American Samoa Government (ASG) in 1981.

ASPA generates and distribute electrical power and provides water, wastewater, and solid waste services for the islands of American Samoa.

- As a separate and semi-autonomous authority, ASPA was established to afford better accountability for the utilities' operations and cost of service.
- ASPA is governed by a five member Board of Directors which are appointed by the Governor of American Samoa, and confirmed by the Legislature.
- ASPA's utility rates and Procurement Code are developed and promulgated in accordance with ASG Administrative Procedures Act (ASCA § 4.1001 et. seq.) and specific guidelines within the Public Utility Regulatory Policies Act ("PURPA") for electricity.

Questions and Clarifications

All questions regarding this Request for Proposal (RFP) shall be submitted via e-mail. Questions will be accepted and answered in accordance with the terms and conditions of the RFP. Should any prospective offeror be in doubt as to the true meaning of any portion of this RFP or should the prospective offeror find any ambiguity, inconsistency, or omission therein, the prospective offeror shall make a written request for an official interpretation or correction. All inquiries should be directed to the single point of contact listed below:

Renee Leotele Togafau
procurement@aspower.com

ASPA shall not be responsible for any oral representation(s) given by any employee, representative or others. The issuance of a written addendum is the only official method whereby interpretation, clarification, or additional information can be given. If it becomes necessary to revise or amend any part of this RFP, all addenda will be posted on ASPA's website: www.aspower.com. It shall be the prospective offeror's responsibility to ensure they have received all addenda before submitting a proposal. Any addendum issued by ASPA shall become a part of the RFP, and must be incorporated in the proposal where applicable. The failure of an offeror to receive or acknowledge receipt of any addenda shall not relieve the offeror of the responsibility for complying with the terms thereof.

Proposal Submission

To be considered, each offeror must submit a response to this RFP that is consistent with the format described below. An official authorized to bind the offeror to its provisions must sign the proposal in ink. Each proposal must remain valid for at least one hundred twenty days (120) from the due date of this RFP.

Proposals should be prepared simply and economically providing a straightforward, concise description of the offeror's ability to meet the requirements of the RFP.

Offeror must be appropriately licensed in accordance with the state and/or country of the offeror's origin, and shall be skilled and regularly engaged in the general type and size of work called for under this RFP.

Evaluation Criteria

Responses to this RFP will be evaluated using a point system as shown below. A selection committee ("SEB") comprised of staff from ASPA will complete the evaluation. Fee proposals will not be reviewed at the initial evaluation. After initial evaluation, the selection committee will determine top proposals. It shall be at the discretion of the selection committee if they will open only the fee proposals of the top proposals, or all proposals. All proposals submitted may be subjected to clarifications and further negotiation.

CRITERIA	SCORE
Fee Proposal	40 points
Proposed Work Plan	30 points
Professional Qualifications	15 points
Past Involvement with Similar Projects	15 points
TOTAL	100 points

Sealed Proposal Submission

All proposals are due and must be delivered to ASPA on or before May 15, 2024 at 2:00PM (local time).

Proposals submitted late or via oral, telephonic, or telegraphic will not be considered or accepted. Email submissions must be sent to the email stated above under *Questions and Clarifications*.

Respondents must submit in a sealed envelope:

- One (1) original proposal
- Three (3) additional proposal copies
- One electronic copy of the proposal, preferably in a PDF format, sent to procurement@aspower.com, by or before the closing date and time.

The fee proposal and all costs must be submitted separate from the rest of the proposal, in an envelope marked "Fee Proposal".

Proposals must be clearly marked "**RFP NO. ASPA24.006 – Upper Pavaiai to Aoloau Wastewater Collection System Design**", and list the offeror's name and address. All proposals received on or before the due date will be opened and recorded on the due date. No immediate decisions will be rendered.

A proposal may be disqualified if it fails to include any one of the following required forms:

- Attachment A – Proposal Transmittal Form
- Attachment B – Bid Form
- Attachment C – Offeror's Qualification Form
- Attachment D – Disclosure Statements

- Attachment E – Non-Collusion Affidavit of Prime Offeror
- Attachment F – Bid Bond Security Form
- Attachment G – Debarment or Suspension Certification Form

Bid Bond

A bid bond security in the sum of 5% of the total bid must accompany each bid and shall be furnished to the American Samoa Power Authority as a guarantee and will be retained until the written contract between the successful Contractor and ASPA is executed. If the contractor fails to enter into a written contract, ASPA will retain the Contractor's Bid Bond as liquidated damages, but not as a penalty.

Contract and Payment Terms

ASPA reserves the right to award the total proposal, to reject any or all proposals in whole or in part, and to waive any informality or technical defects if, in ASPA's sole judgment, the best interests of ASPA will be so served. The contract term shall be initiated by the issuance of a Notice to Proceed by ASPA at which time a contract completion date will be established. ASPA will retain the sole option to renew or extend the contract after its initial term.

Successful Offeror shall agree to have ASPA **retain 10%** of the Contract Amount, which will be retained by ASPA from each monthly invoice/pay application submitted by the contractor for approval of payment, for a period of 30 days after the successful completion of the project. Pay applications are for periods of work which have been completed and/or milestones accomplished.

Type of Contract

The successful offeror will provide services to ASPA under a combination of firm-fixed price and unit price, itemized contract agreement. The successful offeror shall be an independent contractor, and not an agent or employee of the American Samoa Power Authority. The successful offeror shall furnish the necessary personnel, materials, insurance, licenses, permits, equipment, ground transportation to and from work areas, and otherwise do all things necessary to perform the work and services specified in the SOW and to the satisfaction of the ASPA project engineer.

Contractor must at all times comply with all applicable workman's compensation, occupational disease, occupational health and safety laws, statutes and regulations to the full extent applicable.

Reservation of Rights

While ASPA has every intention to award a contract resulting from this RFP, issuance of the RFP in no way constitutes a commitment by ASPA to award and execute a contract. Upon a determination such actions would be in its best interest, ASPA in its sole discretion reserves the right to:

- Cancel or terminate this RFP
- Reject any or all proposals received in response to this RFP with or without cause
- Meet and/or correspond with individual vendors at any time to gather additional information
- Not award a contract, if it is in ASPA's best interest not to proceed with contract execution
- If awarded, terminate any contract if ASPA determines adequate funds are not available
- The right to retain all proposals submitted and to use any ideas in a proposal regardless of whether that proposal is selected. Submission of a proposal indicates acceptance by the firm of the conditions contained in this RFP, unless clearly and specifically noted in the proposal submitted
- The right to select one or more consultants to perform services
- To determine whether the scope of the project will be entirely as described in the RFP, a portion of the scope, or a revised scope be implemented

- Proposals in which the proposed costs and fees are unreasonably high, or unrealistically low may be rejected at ASPA's sole discretion

Debarment

Submission of a proposal in response to this RFP is certification that the respondent is not currently debarred, suspended, proposed for debarment, and declared ineligible or voluntarily excluded from participation in this transaction by any state or federal departments or agency. Submission is also agreement that ASPA will be notified of any changes in this status.

Proposal Results

ASPA's policy is to retain documents for no less than three (3) years. During this time, all proposals received shall be considered confidential and not available for public review without consent of its owner. All proposals shall be subject to negotiations prior to the award of a contract. A list of respondents to the RFP will be posted on ASPA's website once an award has been made and accepted.

Cost Liability

ASPA assumes no responsibility or liability for costs incurred by the offeror prior to the execution of a contract. The liability of ASPA is limited to the terms and conditions outlined in the contract. By submitting a proposal, offeror agrees to bear all costs incurred or related to the preparation, submission, and selection process for the proposal.

Multiple Proposals – Collusion

If more than one proposal is submitted by any one party or in the name of its clerk, partner or other person, all proposals submitted by said party may be rejected by ASPA. If ASPA believes that collusion exists amongst any offerors, the participants in such collusion will be disqualified from contract award consideration.

Insurance Requirements

The awarded contractor shall carry at its sole expense and provide evidence of insurance coverage listed below to protect itself and ASPA from and against liability, loss, damage, expense, cost (including without limitation to litigation and courts costs and attorneys' fees) arising out of or in connection with the performance of any work performed in accordance with the specifications of any related documents, whether such work is performed by the contractor or any subcontractor or by anyone directly employed by any of them or by anyone for whose acts any of them may be liable. Coverage must be written with insurance company licensed in American Samoa.

- Professional Liability - \$2,000,000 each occurrence
- Coverage – ASPA shall be named as an additional insured. Certificates of insurance shall be presented to ASPA for approval before the successful contractor, its agents and/or employees commence any work whatsoever pursuant to the contract.

Proposal Format

Consultant's Proposal

In keeping with the objective, the description, the requirements, and the Consultant's tasks as previously indicated in this RFP, the Consultants submitting proposals shall outline in detail the manner in which the consultant shall work to fulfill ASPA's needs and achieve the project objectives.

The outline at a minimum shall address:

- Staffing and personnel, to include a responsibility matrix

- Communication and coordination
- Compatibility with ASPA's standards, goals and objectives
- Working relationship between consultant and ASPA staff
- Information that will assist ASPA to determine the consultant's capability of performing the work

Minimum Information Required

Offerors should organize proposals into the following sections:

- Professional Qualifications
- Past Involvement with Similar Projects
- Proposed Work Plan
- Fee Proposal (included in a separate sealed envelope clearly marked "Fee Proposal")
- Attachments

The following describes the elements that should be included in each of the proposal sections and weighted point system that will be used for evaluation of the proposals.

- A. Professional Qualifications – 15 Points
 1. SEB will consider the experience and professional qualifications of the organization, and its key staff assigned to this project. Experience is a measure of whether contractors have performed work that is similar in both scope and complexity.
 2. State history of the firm, in terms of length of existence, types of services provided, etc. Identify the technical details that make the firm uniquely qualified for this work.
 3. Resumes and qualifications are required for all proposed project personnel, including all subcontractors. Qualifications and capabilities of any subcontractors must also be included. Show where these individuals will be physically located during the time they are engaged in the work. Identify those individuals who are essential to the completion of the project. A responsibility matrix should also be included.
- B. Past Involvement with Similar Projects – 15 Points
 1. The written proposal must include a list of specific experience in the project area **and** indicate proven ability in implementing similar projects for the firm and the individuals to be involved in the project. A complete list of client reference must be provided for similar projects recently completed. The list shall include the firm/agency name, address, telephone number, project title, and contact person.
- C. Proposed Work Plan – 30 Points
 1. Provide a detailed and comprehensive description of how the offeror intends to provide the services requested in this RFP. This description should include, but no limited to: how the project will be managed and scheduled; how and when data and/or materials will be delivered to ASPA; communication and coordination, the working relationship between offeror and ASPA staff; and the offeror's general philosophy in regards to providing the requested services. Offerors will be evaluated on the clarity, thoroughness, and content of their response to the above items.
- D. Fee Proposal – 40 Points
 1. Fee schedules shall be submitted in a separate, sealed, envelope as part of the proposal. Fee quotations should follow the form in the bid form
